A Former Paducah Girl Meets Her Death in Louisville.

Remains Brought Here and Buried—Formerly Miss Walker—Died Yesterday.

The remains of Mrs. Rosa E. Burton, who died in Louisville yesterday from injuries received Monday, were brought in last night and interred in Oak Grove this afternoon at 3 o'clock. The deceased was formerly Miss Walker, of Paducah, and many of her relatives reside in Mechanicsburg.

The Louisville Post gives this account of her death:

Mrs. Rosa E. Burton died this morning at her home, 225 Dumesnil street, of injuries suffered last night. While trying to cross the railroad tracks at Ninth and Dumesnil streets, but a short distance from her home, she was struck by a switch engine and was thrown seventy-five feet. She was picked up unconscious, and was taken to her home, where it was found that her arm was broken, her body cut and bruised, and that she had suffered internal injuries, the latter causing her death. Just how Mrs. Burton happened to get in front of the engine is not known, but it is thought she stepped out of the way of one engine which had the approach of the one that hurt her to death. Mrs. Burton is the wife of James H. Burton, an engineer employed by the Globe Tanning company.

WATER SPOUT.

A Heavy Rain in Illinois Yesterday Afternoon.

There was a water spout over in Illinois late yesterday afternoon between Unionville and the upper lake and the flood was tremendous. Some of the corn fields were submerged several inches in water when the storm subsided. This was especially true on the Kinneman place. The fields of Jim Kirk and a man named Giltner suffered worse.

Picnic parties suffered greatly, especially the one taken over by Mrs. Jas. Clements. Most all of them were drenched.

HIG PICNIC PARTY.

Mayfield Church and Sunday School Coming Here.

Sometime this month the entire Presbyterian church at Mayfield is coming here to spend the day at LaBelle park, shooting the chute, and perhaps attending the matinee there. The exact date has not been set, but it will be about the middle of the month.

IS IMPROVING.

Swetman Fred Stewart, who had both legs cut off yesterday morning in the I. C. yards, was resting easy today, and may now recover, it is thought, having thus far survived the shock.

QUARTERLY COURT.

There were several cases before Judge Tully today. The most important was the case of M. Livingston against Dan Reek, for goods sold for cash, and delivered two days before the defendant failed. The judgment was in favor of the plaintiff.

The Brave Spanish Admiral Will Hold Out to the Last, Though Escape Has Become Utterly Impossible.

CAPE HAYTIEN, June 8.—The latest dispatches from Santiago state that the object of Admiral Sampson's bombardment of the forts Monday was to silence their batteries so that his ships can remain at the mouth of the harbor and thus prevent the Spaniards from dynamiting the sunken Merrimac.

KEY WEST, June 8.—A dispatch boat just in says that Admiral Cervera has given orders to dismantle and destroy all the small vessels in Santiago harbor, and to use their guns in strengthening the defenses of Santiago. The Spanish admiral will make a desperate effort to prevent Santiago from being captured, and the work of mounting new defense guns is being pushed as fast as possible.

## NO PEACE.

President McKinley Will Accept No Peace Proposals But on His Own Terms.

Washington, June 8. KEY WEST, June 8.—There are intimations that the powers of Europe will propose peace soon, but McKinley will capture Porto Rico and Cuba before day by two American accepting any terms. Spain accedes to his terms. Spain must yield and killed 30 sailors. The city was not shelled.

## SPAIN'S TERROR SUNK.

The Brave Torpedo Boat Tried to Run Past the American Fleet and Enter Santiago Harbor.

## THE TEXAS GAVE THE SIGNAL.

The Spaniards Admit That 500 American Troops Have Landed Near Santiago, and Great Damage Was Done.

## OTHER DETAILS OF THE BOMBARDMENT.

Kingston, Jamaica, June 8.—A Spanish torpedo boat destroyer, supposed to be the Terror, was shattered and sunk as she was trying to enter the Santiago harbor Monday night.

Her destruction was accomplished in a few minutes, so terrible was the fusillade from the American ships.

The torpedo boat destroyer was discovered by the lookouts on the battleship Texas.

The Texas gave the signal to the whole fleet as soon as the Terror was discovered which at once dashed their searchlights on the enemy and began a terrible cannonading. The Terror was sunk in a remarkably short time.

## DONE IN THREE HOURS.

Jamaica, June 8.—Within three hours Monday morning the American fleet silenced nearly all the fortifications at the entrance to the harbor of Santiago de Cuba.

Four warships, under Commodore Schley, attacked the new earthworks to the west of the Estrella and Cárdenas batteries, while five warships, under Rear Admiral Sampson, attacked the new earthworks to the east of Morro castle.

The ships lay well inshore and silenced the Spanish shore batteries. El Morro was damaged despite Admiral Sampson's orders not to fire at it because of the danger of killing Lieut. Hobson and his crew.

The Vixen and Suwane went in and silenced a small inshore battery. Estrella fort was silenced early, being set on fire. Cárdenas bat-

Two American Gun Boats Spread Death Among the Spanish Soldiers.

WASHINGTON, June 8.—News has been received here today of an at

the Spanish patrol ar- Rico and Cuba before day by two American accepting any terms. Spain accedes to his terms. Spain must yield and killed 30 sailors. The city was not shelled.

Washington, June 8.—It is still reported that the captain of the Texas, John W. Philip, was killed on Monday, but Secretary Long says there is no truth in the report, but it is only a Spanish lie.

## STARTS SUNDAY.

Washington, June 8.—All transports for the second Philippine expedition have been secured and the expedition starts Sunday. It is expected that the Monadnock will sail at the same time.

## CERVERA'S REPORT.

Madrid, June 8.—Admiral Cervera's official report of the battle Monday, says that three Spanish officers and six men were killed and thirty-five wounded, but says the damage to batteries was unimportant. The Spaniards also admit that 500 Americans landed near Aguaes, east of Morro. The drove back a Spanish force which offered resistance.

## RELIEF FOR DEWEY.

Washington, June 8.—The navy department has given orders that the double-turreted monitor Monadnock should make great haste to sail for Manila.

The Monadnock is a most powerful double-turreted monitor. With twin screws and 3000 horse power engines, she is easily able to make twelve and a half knots an hour. Built on the general lines of the Amphitrite, she has better engines and more power than that monitor. She carries four ten-inch guns in two turrets, besides two four-inch rapid fire guns in a casemate and a numerous secondary battery. Her coal capacity is 250 tons in bunkers and almost as much more stowage room can be found on the decks. Consequently the Monadnock has the ability to make a longer cruise than the Monterey with

The Stars and Stripes May Soon Wave—Orders Have Been Issued to That Effect.

WASHINGTON, June 8.—Re-

ports from Santiago say that the captain of the Monadnock, which will soon be the captain of the sail for Manila, has been Texas and several others ordered to raise the American seamen Stars and Stripes over Hawaii as a coaling guns Monday. It is al- sation. The Monadnock has been ordered can troops made a land- to sail just as soon pos- ing, and that any dam- sible. She may sail age was done by the American fleet.

## SPANISH REPORTS

Claim That Several American Seamen Were Killed in Monday's Battle.

MADRID, June 8.—Re-

ports from Santiago say that the captain of the sail for Manila, has been Texas and several others ordered to raise the American seamen Stars and Stripes over Hawaii as a coaling guns Monday. It is al- sation. The Monadnock has been ordered can troops made a land- to sail just as soon pos- ing, and that any dam- sible. She may sail age was done by the American fleet.

## NO LIVES LOST

On the Amerikan Fleet, Says Ad- miral Sampson—He Denies Spanish Claims.

WASHINGTON, June 8.—Admiral Sampson's report of the battle on

Monday confirms the statement that no loss of lives to the Americans occurred; only two were slightly injured. Sampson also confirms the report of vast damage done to the Spanish forts and fortifications.

## THE OREGON

Bally Damages Two of the Best Spanish Ships in Santiago Harbor.

MADRID, June 8.—The

latest advices from Santiago admit that the Spanish cruiser Vizcaya and torpedo boat destroyer Furor were badly damaged by projectiles from the Oregon Monday. It is denied, however, that the Mercedes was sunk; 21 sailors lost admitted.

## POLITICAL DOINGS.

Effort to Get Some One Else in the Democratic Primary.

There is a great deal of talk today of inducing some one to enter the democratic primary in the congressional race. It is now practically settled that Ben Keys will be succeeded as nominee of the populists by Bud Reeves, and there is now an effort on foot to have either Judge J. E. Robbins of Mayfield, or Hon. John Nichols of Bardwell, to enter the contest.

The friends of both are urging them to run, but whether they will be successful or not remains to be seen. It seems to be the object of many of the politicians to get some one to beat, or try to beat Wheeler.

You get a large and cool beer at Lagomarsino's saloons.

## ILLINOIS DOGS.

Object to Being Caught By the Dog Catchers' Agents.

Yesterday afternoon two old colored "amities" came over on the ferry boat, followed by a half shepherd dog that trailed along behind them. There were several small boys around the river waiting for just such a snap, and they made a break for the dog. The women attacked them, and they were repulsed without loss.

They made another charge on the enemy, and this time were successful in capturing the prize. They were beaten off, however, and the indignant "amities" went down on the boat and got a string, with which they tied the dog. This was very good until they reached the top of the levee. The dog had never been in town before, and the first thing he

saw was a locomotive. He tugged heroically at the cord that was around him, and finally broke loose, only to rush into the hands of the rascals boys that were waiting for him. The last seen of him, he was in the hands of the enemy, but a desperate effort was being made to capture the retreating foe.

HE GOT TWENTY-ONE.

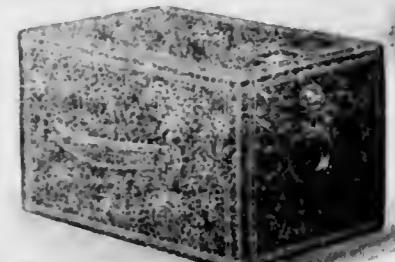

Lient. Wright, of the Tenth cavalry, left this afternoon for Henderson, after securing twenty-one recruits for his regiment.

Four of these were sent to Ft. McPherson, Ga., yesterday, ten this morning, and seven will be sent today. They are all residents of Paducah, and this afternoon there were at least a dozen desiring to be examined when the lieutenant left for Henderson. He thinks he did fairly well, while in Paducah.

## PERSONALS.

### CASE LEFT OPEN.

Only One Trial in the Police Court This Morning.

J. R. Coleman, the one-legged barbers arrested in Memphis Saturday and brought here to be tried on a charge of obtaining money by false pretenses, was tried in the police court and the case was left open until 3 o'clock.

The evidence developed the fact that Coleman sold the chairs to Frank Lawrence with an understanding that he was to replace them in 60 days if Lawrence still had them. Lawrence would not state positively that Coleman represented that the chairs and other property were his, and that there were no liens, mortgages, or anything else on them. He said he did not remember.

Constable Patton testified that an attachment was taken out on the furniture by the Peoples' Electric Power and Light company, but admitted that he never served any papers on Coleman, but an employee there.

Coleman claimed he knew nothing about the attachment, and the case was left open until this afternoon.

### FRANCHISE TAX.

There is no chance for trouble over it.

Last night the board of education delegated a committee to confer with the council and ascertain if the franchise tax affair cannot be settled amicably. There is a good prospect now of trouble.

The school board has always wanted all it could get out of the council, and has generally got all it wanted. It has been accustomed to receiving its regular quota of the franchise tax, just like any other tax, and the sum is several hundred dollars, and the council paid it without hesitation.

Major Lang has looked up the law, however, and decides that the school board is entitled to no part of the franchise tax, and that the city will not pay it. He is borne out in his opinion by the city attorney, and when the tax was compromised with the corporations not long ago, it was done for half the amount claimed by the city, the portion that would have gone to the board of education and the portion for sewerage, were knocked off, the council deciding that corporations could not be taxed for school purposes, because the sewerage had otherwise been provided for.

It is understood that the council has decided that the school board shall not have any part of the franchise tax this year, and the board is firm in its determination to have its usual proportion.

### ALL FOR NOTHING.

Last night Officer Hughes and a number of other "arrested" six or seven cows in the lower part of the city, and drove them to the nearest convenient place, a lot belonging to Harry and Henneberger. The bovines had violated the law, and were impounded under the new ordinance.

As the city has no pound, they were placed in the aforesaid lot. It is claimed that the officer failed to notify the owners of what they had done, and the owners, being unaware of why the cows were trespassing on their property, promptly turned them all out this morning, when they found them there.

The officers were a disappointed set this morning when they went after the captive cows, and found nothing.

### TOBACCO MEN.

The following well known tobacco men were registered at the New Richmond house today:

Jas. A. Herring, Bandana.  
Z. C. Graham, Gravoine.  
Col. Tom Myles, Mayfield.  
P. A. McClen, Lynnville.  
S. C. Wilson, Farmington.  
W. L. Whitnell, Murray.  
J. C. Rivers, Maxon's Mill.  
L. L. Stevenson, Hinkieville.  
R. B. Simmons, Pinhook.  
T. J. Stahl, Pinhook.

These gentlemen attended the tobacco sales here today.

### MARRIED AT METROPOLIS.

Mr. Golden Green and Miss Etta Dunn, of Calvert City, eloped last night from home, and drove to Metropolis Landing, where they were married this afternoon at the Copeland hotel.

They left at once, and arrived here late this afternoon en route home. Both are well known young people, and have many friends in that locality.

Milstead was a witness for the defense.

Mr. and Mrs. Cook, of Mt. Vernon, Ind., and also have been all over the country, and says the child never fails to attract the greatest attention wherever she goes. She can remember whole passages of foreign languages, and thinks she will encounter no difficulty in learning French.

While the young lady is in Paducah, she will no doubt be seen by large crowds, and will win deserved popularity. She is considered the most wonderful child in this line in the world.

### DON'T FORGET

To go to Owen's Cave next Thursday on the nice little boat George H. Cowling. Take your dinner and have a good time for one whole day.

The young ladies of the First Baptist church will do all in their power to make it an enjoyable day, always to be remembered.

### A FINE COFFEE.

Our loose roasted coffee at 12½¢ is not only the cheapest coffee on the market, but is really a very fine article. Give it a trial. Ed Jones, 811 The Second Street Grocer.

### AN OLD SWITCH.

The sewerage excavations at Broadway and Fifth have uncovered the old switch placed there several years ago, and never taken up, but covered over. Now is a good time to take it up, and it is suggested that it be done. The old timbers and stone

## Bicycle Blow Hards

Can only along building a correct and up-to-date bicycle. But the Excelsior Bicycle Works was the first and are the only complete bicycle to date that ever manufactured a complete, high-grade bicycle in Paducah. No one people that ever put a white enamel on a bicycle frame, others have tried, but they failed. It is the verdict of the best known riders in Paducah that the Excelsior is the prettiest, speediest and most durable bicycle that exists.

When good riders pay for bicycles, they ride the best. The following speediest, fearless and daring riders will pedal the Excelsior to victory this summer.

Eddy Tolson, the undisputed junior champion of Paducah.

Owen Tully, the fast pacemaker.

Rich Helsley, Walter Wilkins, Bill Orr and others.

Any old bicycle repair shop can build a bicycle, but why can't they sell them? It's easy to answer if you see them. See the pink rims glisten in the sunlight.
